We are not vegetarian but eat here regularly – as the food is creative and exceptionally tasty. If you have the opportunity, also try their elderflower and mint fizz cocktail – gets the evening off to a really good start. The only thing I would say when booking, try to get a table on the ground floor rather than the basement.

www.thescallopshell.co.uk

The best fish and chip shop ever! And yes you can sit down and have scallops, turbot or mussels with your chips! Only open till 9pm it does not take bookings. Instead you turn up and go on the reservation list. You are then directed to the pub next door who they telephone to let you know when your table is ready. It is a system that really works and the food is fabulous. Advice is to go as early as you can as gets very busy.
